

iBioShield™

Case for iPhone SE 2

For the iPhone SE2 (iPhone 9), iPhone 8, the iPhone 7,
and the iPhone 6S

Resistant to chemicals:

Water resistant, and with chemical resistant materials, the iPhone Case can be cleaned repeatedly with the harshest cleaning chemicals (3000 ppm Bleach).

Works with surgical gloves:

The glass screen allows smooth, sensitive iPhone control even when wearing surgical gloves in clinical environments.

Charge & Sync:

With new 8-Pin technology added to our cases, you are able to charge your devices without taking them out. They can be placed in charging bank units easily to sync simultaneously.

Branding:

All our cases can be branded and customised to your personal preference and fitted with an RFID tag.

Case for iPhone SE 2

iBioShield™

Dimensions: 6.14" (L) x 3" (W) x 0.5" (D) / 156mm x 78mm x 12mm
Weight: Under 2.5 oz or 70g without an iPhone.

Materials: Made with FDA approved materials, all external materials are chemically resistant and can be disinfected with high concentration bleach.

Armoured Glass: Our glass offers ultra-sensitive touch display, working with surgical gloves and the Apple Pencil. The glass is tough and scratch resistant, adding that extra protection for your device.

Screen Sensitivity: Screen Sensitivity remains high, even when used with surgical gloves

Water Resistant: Water resistant, the iPhone case can sustain being cleaned by sprays and wipes without risk of liquids damaging the iPhone's content.

Scratch Resistant: Our armoured glass has up to 2x better damage resistance than competitor glass and many times more resistance than competitor plastic screens to daily scratches and accidental damage from keys or equipment. Screen remains brilliantly clear long after plastic screens mark and fade leaving iPhone screens obscured and unusable.

Connectivity: No loss of 4G, Wi-Fi or Bluetooth connectivity

8-Pin Charging: 8-Pin lightning port replicator allows for simple, safe bank charging with Ground Control compatibility

Camera Lens: Our glass lens maintains brilliant, clear, unobscured vision from both front and rear cameras.
